

Job title: Researcher agricultural entomology (permanent/fulltime)

start date: autumn 2025

location and institution: The position will be at NIBIO - the Norwegian Institute of Bioeconomy Research - in the Division for Biotechnology and Plant Health, Department of Pests and Weeds in Forestry, Agriculture and Horticulture. Workplace is Ås in Akershus in Norway.

application and eligibility requirements: Please send your application with CV electronically via the link on this page: <https://www.jobbnorge.no/en/available-jobs/job/277690/researcher-agricultural-entomology>

Diplomas and transcripts from master's and doctoral degrees must be attached to the application. Documentation of a driver's license for a passenger car valid for Norwegian conditions must also be attached to the application.

Other certificates and diplomas must be brought with you at a possible interview, or you can also attach this electronically.

We use Semac background checks on final candidates as part of our recruitment process.

description: In this position (permanent/fulltime) you have the opportunity to work across the spectrum from basic to applied research. This involves developing smart solutions for sustainable plant protection using chemical ecology and insect pathology. Close collaboration with agriculture and horticulture producers, advisors, agro-industry and authorities provides good opportunities to put the research into practice.

Main responsibilities will be:

1. Lead and be a collaborator on research projects
2. Conduct field and laboratory research in plant protection. Focus on agricultural entomology, chemical ecology and insect pathology
3. Obtain external competitive project funding from the Research Council of Norway, EU calls and other sources
4. Publish in peer-reviewed scientific journals
5. Ensure good knowledge transfer to industry and authorities through dissemination and dialogue
6. Develop and maintain network within agriculture, agroindustry, authorities and research community nationally and internationally

application deadline: 7th May 2025

contact information: Ingeborg Klingen, Research Professor, PhD, Head of Department, +47 93092211
